

## Features

- Collect cash register reports from the convenience and privacy of your office.
- Backup the considerable data in your cash register. Keep a current backup of your cash register program.
- One software package can poll multiple stores; no need for multiple licenses.
- Print/view reports that are easy-to-read and use.
- Consolidate sales reports from multiple stores.
- Add/change PLUs and other register options quickly and easily from your PC.
- Prepare sales item/price specials ahead of time and download when needed.
- Backup – Edit – Restore all from your PC.

## Polling Features

- Connect directly via RS-232C or remotely via telephone modems or via IP with serial/ethernet adaptor at the ECR.
- Poll reports from the register, then save, display or print them at the PC.
- Poll all stores, or individual stores from a single licensed PC.
- Poll unattended at a predetermined time.
- Customize your polling session by defining the reports you wish to poll.
- US Robotics V.92 56K external modems are recommended for modem polling applications (for both PC and ECR sites).

## System Requirements

- Windows XP and later operating systems (XP / VISTA / Windows 7).
- Compatible with Windows 7 and 64 bit operating systems
- 64 MB RAM.
- 150 MB minimum hard disk space available.
- Dedicated serial port or USB to Serial adaptor.
- CD ROM drive to load software. You can also load from an SD Card or USB memory.
- VGA or SVGA display.
- USB port for software key.

## SAM52M / SAM900 – Download Bitmap Images for Custom Logos

The SAM4s ER-5200M Series and ER-900 Series electronic cash registers features integrated high-speed thermal printers. Retailers can use receipts as marketing tools – reinforcing brand exposure by printing logos, coupons, and/or advertising messages. Use SAM Software to download bitmap images and keep your store image fresh and up-to-date.

## SAM650 – Print Barcodes

SAM Software provides an easy-to-use barcode printing utility. Use an optional BTP-L580 Label Printer to print item or shelf labels. The BTP-L580 produces direct thermal labels varying in width from 2.14" to 3.24".

## SNBC BTP-L580 Features

- Drop and print media insertion.
- Choice of USB, Serial, Parallel and Ethernet interfaces.
